

5. COMMUNITY ASPIRATIONS

Community Projects: Natural Environment

CP1: In conjunction with the Wildlife Trust, encourage Biodiversity Action Plans of key sites in the Parish.

CP2: Support products and services derived from the natural environment of the Parish and the avoidance of naturally scarce or polluting materials.

Community Projects: Local Economy and Work

CP3: Lobby for improved local broadband and telecom services.

Community Projects: Transport and Travel

CP4: Develop proposals to manage traffic flows and traffic speeds on the minor roads of the Parish including the identification of 'quiet lanes' in partnership with WSCC

CP5: Develop proposals to maintain and improve the Parish's network of public footpaths, cycle ways and bridle paths.

CP6: Develop specific measures for traffic calming within the villages Rogate and Rake with WSCC

Community Projects: Community Health, Well-being and Amenity

CP7: The promotion of the local food supply chain and support for proposals that seek to produce and process locally sourced food.

CP8: The provision of new specialist and tailored facilities for children and youth.

CP9: The enhancement of wildlife habitats in and around the public open spaces, Village Greens and Local Green Spaces.

CP10: The promotion of the local 'Dark Night Skies' initiative, in partnership with the SDNPA.

6. ACTION PLAN

7. MONITORING AND REVIEW

7.1.1 It is intended that, upon adoption, the effectiveness of the Rogate and Rake Neighbourhood Development Plan will be monitored over the Plan period against a set of indicators to be identified by the Parish Council in partnership with the SDNPA and published on the Parish Council's website. The Parish Council may decide to review the Plan if:

- It is considered by the Parish Council that the effectiveness of the Plan could be improved through a partial or full review of the suite of policies; or
- Any future review of the South Downs National Park Local Plan results in a conflict with policies of the Plan to the extent that it is rendered ineffective; or
- It is considered by the Parish Council that sufficient opportunities are presented by any change in higher tier policy that would enable significant additional weight to be given to the policies of the Plan following a partial or full review; or
- There is planning merit in producing a replacement Plan that encompasses a wider area, possibly in partnership with adjacent Parish Councils.

7.1.2 Unlike the higher level local plan to be produced by the SDNPA there is no formal mechanism that allows for the review of the Rogate and Rake Neighbourhood Development Plan without it passing through the later stages of the regulatory neighbourhood plan-making process. In the event that any aspect of the Plan requires variation or replacement then the document in its entirety must be subject of the following processes:

- Review and redrafting, including any retained and any replaced policies;
- The return of the Plan to Regulation 14 (Pre-Submission) Consultation;
- The formal submission of the Plan to the SDNPA, including the preparation of a fresh suite of supporting documents, including the Consultation Statement, Basic Conditions Statement and supporting evidence relating to Strategic Environmental Assessment;
- The return of the Plan to Regulation 16 (Pre-Examination) Publicity;
- The independent examination of the Plan; and
- A further community referendum seeking the endorsement of residents of the Plan area.
